PROFILE

I have a passion for development. I am social, technical, and computer interested. I am very careful in all respects and easy to learn new things. I am calm and stress-resistant, and work very well in collaborative situations. I like to fix and solve problems.

Competence

C#, .NET, SQL Server, MVC, Entity Framework (Code First), Agile method (Scrum), user interface design.

AIM

To work as a system developer in a company where I get the opportunity to convey the interest in development and technology as well as contribute my skills as a system developer and my experience in my working life.

PERSONAL ACHIEVEMENTS

- Always receive very good feedback from colleagues for the execution of the work I do
- Receive good feedback for my accuracy in the developments of any production.
- Have engaged in numerous development of processors.

PROFESSIONAL EXPERIENCE

- 2019 – Current **Finisar AB.**
Epitaxy technician: The work is in optical communication. Process epi wafers, wafers preparing within epitaxial growth, different measurements, inspection with an optical microscope and some documentation of work performed
- 2018 – 2019 **Maquet Critical Care AB i Solna.**
Assembly / Product test: Work with products used in intensive care and surgery departments around the world.
- 2016 - 2017 **Cobham Antenna Systems**
Fitter / Finishing Mechanism: Mechanical assembly of different modules with subsequent testing, measurement and electrical and mechanical trimming.
- 2015 - 2016 **TE Connectivity AB**
Test Technician: Process Optimization, Data Collection, Analyzing Data Flow, Maintaining and Developing Measuring Instruments.
- 2010 - 2013 **TE Connectivity AB**
Process Operator: Produces Products for High-Speed Communication Over Optical Fiber.
- 2006 – 2009 **XaarJet AB**
Machine Operator / Electronics Assembly: Monitoring and Monitoring of Machines. Glueing / mounting of components.
- 2003 - 2006 **Cerealia Bread AB**
Machine Operator: Supervision and monitoring of machines such as ovens, conveyors and yeast cabinets in the baking industry. Process machine using data panel.
- 2006 - 2006 **Solna Taxi AB**
TAXI driver

Education

- 2019 – Current **Code Institute's Diploma in Full Stack Software Development** is an intense online coding bootcamp created and validated by tech industry experts and academics. Code Institute holds the distinction of being the first university credit-rated coding bootcamp in the world, achieved through a credit rating from Edinburgh Napier University. What I have learned? HTML5, CSS3, GitHub, Python, Flask / Django Frameworks, MongoDB, JavaScript, Working with Relational Data.

2013 - 2015	Degree in system development with specialization in Agile methods (Polytechnic) Lernia Education College of Higher Education, (Stockholm). I can work as a programmer(C#), developer (.Net, SQL Server, MVC and Entity Framework) project manager or program developer. I have learned how to create new or develop existing systems or programs.
2005	SAS-B Swedish as a second language, Adult education, Sundbyberg
2004	English , Adult education, Stockholm
1996 – 98	Physics , Al Mustansereia University, Baghdad
Language	Swedish (very good), English (a little), Assyrian (mother tongue), Arabic (very good)
Computer skills	MS office (Word, Excel).
Personal	I am 40 years old, married with two children, computerized, movie interested, sports enthusiast
